25 al 27 de Noviembre de 2020 - November 25 to 27, 2020

**SCOPE: III Bridge Congress CHILE 2020 and VI International Symposium – Bridge  
Design and Construction**

The Chilean Association of Roads and Transport (ACCT Chile & Chile PIARC National Committee) , in conjunction with the National Roads Administration of Chile agreed to hold the Third International Congress Bridges - Chile 2020 ( CIPCh) , Future Challenges : Design , Construction and Maintenance , on November 17-21, 2020 , in the city of Viña del Mar , as part of the international activities of the " ACCT COMMITTEE OF BRIDGES AND STRUCTURES OF CHILE" . Additionally, in this opportunity the event includes the VI Simposio Internacional – Diseño y Construcción de Puentes organized by Pontificia Universidad Católica de Valparaíso, Universidad Michoacana de San Nicolás de Hidalgo, México and Universidad Industrial de Santander, Colombia.

This initiative seeks to generate a technical meeting at the national and international level, with specialists, professionals, academics and students of the bridge engineering in its various areas(design, construction and maintenance). In addition to generating the space for discussion on issues of research, innovation, as well as Chilean and international projects.

This exchange can promote the development of bridge engineering in Chile , stimulating best professional practices , and fostering research and innovation and facilitate the exchange of knowledge and technology.

The First and Second version of this Congress considered the participation of 23 countries, more than 13 sponsors companies and about 350 attendees from Europe, Africa, America and Asia.

In this version, it is considered three days of technical meetings that will be complemented with a technical visit to Chilean bridges and a social program to the Chilean Patagonia.
